

safety data sheet

Product Name: Burneze Spray for Burns 60ml
Product Code: 38878
Address: Gompels HealthCare Ltd
 No.1 Swift Way
 Bowerhill Ind. Est.
 Melksham
 Wiltshire
 SN12 6GX

For technical and non-emergency calls Tel: 0845 450 2420 Fax: 0845 450 2422

For advice on medical emergencies, fires, spillages or chemical hazards Tel: 0870 12 2690

Composition/information on ingredients

Product description Spray for the symptomatic relief of pain from minor superficial burns and scalds where the skin is unbroken.

Hazardous ingredients	CAS No.	Concentration	Symbol	Risk phrases
Ethyl-4-aminobenzoate	94-09-7	1.0%	Xn	R20/21/22-36/37/38
N-Pentane	109-66-0	10.0%	F+, Xn, N	R12-51/53-65-66-67
Ethanol	64-17-5	25.0%	F	R11
Isobutane	75-28-5	64.0%	F+	R12

Hazardous identification

Causes irritation to the eye and can cause damage.
 Repeated exposure may cause skin dryness or cracking (R66) to the skin.
 May cause irritation if inhaled. May cause dizziness, confusion, headache or stupor. Vapours from aerosols may cause irritation of eyes, nose and respiratory tract.
 If ingested it causes nausea and vomiting. may cause unconsciousness. May cause systematic effects.

First aid measures

Contact with skin: Remove contaminated clothing immediately and drench affected skin with plenty of water. Seek medical attention if irritation persists.

safety data sheet

Contact with eyes: If substance has got into eyes, immediately wash out with plenty of water for at least 15 minutes. Irrigate eyes thoroughly whilst lifting eyelids. Seek medical attention if irritation persists.

Ingestion: Do not induce vomiting. Rinse mouth with water (do not swallow). Give 200-300mls (half pint) water to drink. Seek medical advice.

Inhalation: Remove patient to fresh air. Keep warm and at rest. If breathing is difficult, oxygen should be given by a trained person. Apply artificial respiration only if patient is not breathing. When in doubt or symptoms persist, seek medical attention.

Fire fighting measures

Extinguishing media Water, foam or dry chemical.
Extremely Flammable (R12). Carbon oxides may be formed. Vapours may ignite. Substance evolves toxic fumes, wear self-contained breathing apparatus. Keep container(s) exposed to fire cool, by spraying with water.

Accidental release measures

Immediate Actions Shut off all ignition sources. Use appropriate containment to avoid environmental contamination (S57)

Clean up Actions Do not empty into drains (S29).
Absorb spillage in suitable inert material.

Special Precautions Do not allow to enter public sewers and watercourses. Vapours are heavier than air and may travel considerable distances to a source of ignition and flashback.

Handling and storage

Handling: Keep away from heat and sources of ignition.
Do not spray on naked flame or any incandescent material.
Do not apply pressure to empty containers.
When using do not eat, drink or smoke (S20/21).
Do not breathe spray/mists (S23).
Avoid contact with skin and eyes (S24/25).

Storage: Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50 degrees Celsius.
Keep out of reach of children (S2).

safety data sheet

Exposure controls/personal protection

Engineering controls	Engineering controls should be provided which maintain airborne concentrations below the relevant guidelines.										
Precautionary measures	Ensure adequate ventilation.										
Personal protection	Wear goggles giving complete eye protection. Wear approved respirator if exposure likely to exceed MEL/OES. Wear nitrile gloves.										
Exposure limits	There are no recommended or established controls for this product.										
N-Pentane	OES/LTEL 150ppm 474 mg/m ³										
Ethanol	OES/LTEL 1000ppm 1920 mg/m ³										
Hazardous ingredient	<table border="0"> <tr> <td>LTEL</td> <td>8hr</td> <td>TWA</td> <td>STEL</td> <td></td> </tr> <tr> <td>ppm</td> <td></td> <td>mg/m³</td> <td>ppm</td> <td>mg/m³</td> </tr> </table>	LTEL	8hr	TWA	STEL		ppm		mg/m ³	ppm	mg/m ³
LTEL	8hr	TWA	STEL								
ppm		mg/m ³	ppm	mg/m ³							

physical and chemical properties

Appearance: Aerosol
Extremely flammable

Stability and reactivity

Stability: Stable
 Conditions to avoid: Heat. Keep away from naked flames, incandescent or hot surfaces.
 Materials to avoid: Incompatible with oxidising substances.
 Hazardous decomposition products: Decomposition products may include carbon oxides.

Toxicological information

For toxicological information, reference should be made to the product's Summary of Product Characteristics. Inhalation of vapours may give rise to nausea, headaches and dizziness. Has central nervous system effects. May result in feeling of intoxication and can cause visual disturbance. The ingestion of significant quantities may cause nausea/vomiting.

Ecological information

Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment (R52/53). Low bioaccumulation potential. Spilt substance likely to be lost within one day by evaporation and dissolution. To the best of our knowledge, the properties of this material have not been fully evaluated

safety data sheet

Disposal considerations

Do not pierce or burn container, even after use. Do not discharge untreated concentrate into drains. Disposal should be in accordance with local, state or national legislation.

Transport information

UN No:	19 50
Road carriage	Flammable
TREM card no	20G5F
ADR/RID class	1950 Hazard Class 2
IMDG class and packing group	2.1
Proper shipping name	Aerosols

Regulatory information

Classification and Labelling This Safety Data Sheet does not constitute a workplace risk assessment. Pressurised container: protect from sunlight and do not expose to temperatures exceeding 50 degrees Celsius. Do not pierce or burn, even after use. Do not spray on a naked flame or any incandescent material. Flammable. Do not breathe spray. Use only in well ventilated areas.

Applicable Laws This Safety Data Sheet is provided in compliance with The Safety Data Sheets Directive (2001/58/EC).

Risk phrases

Extremely Flammable (R12).
Harmful to aquatic organisms, may cause long-term adverse effects in the aquatic environment (R52/53).

Safety phrases

S2 Keep out of reach of children
S16 keep away from sources of ignition - No smoking.
S61 Avoid release into the environment. Refer to special instructions / safety data sheet.

safety data sheet

Other information

Text of the R-phrases that are allocated to the ingredients listed in section 2 of this safety data sheet:

R11	Highly flammable
R12	Extremely flammable
R20/21/22	Harmful by inhalation, in contact with skin and if swallowed
R36/37/38	Irritating to eyes, respiratory system and skin
R51/53	Toxic to aquatic organisms, may cause long-term adverse effects in the aquatic environment
R65	Harmful: may cause lung damage if swallowed
R66	Repeated exposure may cause skin dryness or cracking
R67	Vapours may cause drowsiness and dizziness

Please ensure this safety data sheet is passed on to the appropriate persons in your company, who are capable of acting on the information.

For information on the method of use of this product and on medical or pharmaceutical aspects, reference should be made to the product labelling and to the Summary of Product Characteristics.

The information and recommendations in this data sheet are to the best of our knowledge, information and belief accurate at the date of issue. Nothing herein is to be construed as a warranty, expressed or implied. In all cases, it is the responsibility of the users to determine the applicability of such information or the suitability of any products for their own particular purpose
