## 16. OTHER INFORMATION:

### Product uses:

Wash & Wax is a powerful but mild detergent to be used on any surface. The special formula guarantees a professional finish on your car, truck, caravan, motorbike and boats. Contains special additional ingredients which form a glossy water-repellent barrier.

### Directions:

Careful regular washing with Teepol Wash and Wax Shampoo will help keep the finish and appearance of your vehicle. Very cost effective with up to 50 washes per litre. Before shampooing, if possible, hose down vehicle to loosen and remove excess grime. Dilute 20-30ml into a bucket of warm water, use a soft sponge in a circular motion. If you drop your sponge ensure it does not contain grit which will otherwise scratch the paintwork. Work from the top of the vehicle downwards, completing one side at a time and leaving the wheels until last. If possible, finally rinse the whole vehicle with a running clean water. Finally leather off for that professional just waxed finish.
